

Commisioning Report

Salvis Pressure-Steamer VitalityEVO, SDS 311, 16kW

Apparatus no _____

Order no.: _____ Sold by: _____ Delivery _____

Location/Company _____	Response: _____
Street _____	Position: _____
ZIP Code; Place _____	Day closed: _____
Telephone: _____ Fax: _____	Responsible service agent: _____

Electrical connection: Fuse _____ Ampère With plug yes no
 Voltage _____ Volt Main switch yes no

Address electrician: _____

Water connection: Pressure reducing station with manometer yes no
 Flow pressure adjusted to _____ bar
 Fine filter: yes no
 Hardness of water _____ °eH
 Adjustment of regenerating intervals _____
 Installation of water softening yes no
 If no Osmosis Ion exchanger other

Address sanitary: _____

Drain Version of installat fix with ventilation
 Salvis air funnel
 open funnel _____ cm sideward left
 _____ cm sideways right
 under the apparatus (not recommended)

Installation with plastic-pipe with hose
 Heat resistant: yes no not sure
 Drain with contraction: yes no danger of bending

Remarks _____

Is the apparatus installed according to our installation instructions? yes no
 Remarks: _____

Did you explain the operation? yes no
 Did you show how to regenerate? yes no
 GN-accessories available? at place to deliver
 Operation manual: at place to deliver
 Service contract recommended yes no signed: yes no

Cooking-demonstration on the spot? yes no by: _____
 Did you mention our special cooking seminars? yes no Instructed person: _____
 Did you hand over Seminar program/Vaucher? yes no
 (Name in letters) _____

Put into operation by company: _____

Date: _____ Signature _____ Client _____
